SENATE BILL

No. 695

Introduced by Senator Wright

February 22, 2013

An act to amend Section 4106 of, and to add Section 4109 to, the Food and Agricultural Code, relating to the California Science Center, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 695, as amended, Wright. California Science Center: parking facilities.

Existing law establishes the Sixth District Agricultural Association, also known as the California Science Center, and requires the California Science Center to manage or operate its parking facilities in a manner that preserves and protects the interests of itself and the California African American Museum, and recognizes the cultural and educational character of Exposition Park. Existing law requires all revenues received by the California Science Center from its parking facilities to be deposited in the Exposition Park Improvement Fund in the State Treasury, and specifies that the funds may only be used, upon appropriation by the Legislature, for improvements to Exposition Park.

This bill would provide that the California Science Center shall not delegate to ~~any other party~~ *the University of Southern California* the power to manage and operate its parking facilities, and would specify that those provisions are declaratory of existing law. The bill would also prohibit the California Science Center from entering into ~~a~~ *any* sale ~~of~~, or ~~a~~ lease for a term of more than 10 years for the use of, ~~its~~ *parking facilities*, the Los Angeles Memorial Coliseum, or the Los

Angeles *Memorial* Sports Arena, unless the Legislature authorizes the proposed sale or lease by statute.

This bill would declare that it is to take effect immediately as an urgency statute.
